## **SECTION-I**

### **Salient Features of Bid Document**

#### **1.0 Preamble**

- 1.1 The Telangana Mineral Development Corporation Limited was incorporated on 8<sup>th</sup> October, 2014 and registered under the Companies Act 2013 with full participation by Government of Telangana. The main objectives of the corporation are Development of Mineral Resources with Exploration and Development of mineral Industries with Private Participation.
- 1.2 This tender document is intended to give a general description of nature of the work and the quality envisaged for the materials, workmanship and the finished work. It is not intended to cover the minute details. The work shall be executed in accordance with the best modern practices and to the complete satisfaction of TGMDC.
- 1.3 The information given in this tender document is given in good faith and meant to serve as a guide to enable the intending tenderers to submit their tenders on item rate basis. It is imperative that the tenderer shall obtain and examine all data, information and particulars required for the satisfactory execution of the work covered under the scope of this tender.

## **2.0 Scope of works**

- 2.1 The boreholes are located in Dolomite, Fuller's Earth, Colour Granite and Limestone blocks situated in Telangana State. Brief location of boreholes in each sector is given in Section – III of bid document.
- 2.2 Successful Bidder with his own/leased drills or with the consortium drills and equipments shall carry out core drilling in HQ/NQ size. Reduction in size of coring boreholes below NQ size shall not be allowed.
- 2.3 Successful Bidder shall make efforts to obtain maximum core recovery in Dolomite, Fuller's Earth, Colour Granite and Limestone strata. In no case the recovery should be less than 80% in non-mineral and 90% in Dolomite, Fuller's Earth Colour Granite and Limestone strata, except in fault zone, weathered zone, soil and structurally disturbed area.
- 2.4 Boreholes are desired to be vertical (or) angular. Bidder will take all possible precautions and skill to maintain verticality of the boreholes. Deviation up to 1° is acceptable. Any deviation beyond the specified limit will be considered as failed borehole and payment will not be made for such boreholes. To generate the required data the bidder shall do the re-

- drilling at the nearest possible distance from the original borehole.
- 2.5 The locations of the boreholes on the ground shall be fixed by TGMDC.
- 2.6 The bidder shall be responsible for:
- Preservation of cores with proper depth markings at the end of every run in GI core boxes at his cost.
  - Sealing of completed boreholes
  - To erect borehole pillar of size 30"x12"x12" on completion of each borehole with appropriate borehole number, RL (m) and collar of the pillar
  - Keeping cores ready for geological logging and inspection by TGMDC.
  - To assist TGMDC geologists to carry out core logging and packing of cores to Laboratories.
  - To provide core splitter to geologist for splitting Dolomite, Fuller's Earth, Colour Granite and Limestone core into two equal halves for sampling.
- 2.7 In case of lower core recovery in normal geological conditions or jamming of the boreholes before completion of depth, deviation drilling/re-drilling shall be carried out by the bidder at his own cost on the instruction of TGMDC. However, if re-drilling is resorted to, the borehole location point shall be at the nearest possible distance from the original borehole and the bidder shall be free to do non-coring drilling up to the depth from where the coring drilling is required for generating cores with stipulated recovery.
- 2.8 If a borehole fails to drill up to the targeted depth due to drilling difficulties or otherwise, the bidder shall have to re-drill afresh borehole in lieu of the abandoned borehole.
- 2.9 TGMDC shall have no responsibility towards construction of approach roads to field sites, arranging the water supply for drilling, watch and ward, and safety of men and material of the Bidder.
- 2.10 The responsibility of acquiring/hiring land required for drill sites and other allied operations as well as payment of compensation to land owners shall be the responsibility of the Bidder. In case of Forest Land, the successful bidder must assist TGMDC in obtaining Forest permission from the concerned Authority. TGMDC will submit the applications along with the necessary documents to the concerned offices. The successful bidder has to follow-up with the concerned

authorities and ensures that the permissions/licence is obtained in time.

- 2.11 In the course of acquiring/hiring the private land for core drilling purpose, the successful bidder will have to:
- Liaison with locals/villagers/village Committees/village heads etc and obtains permission from land owners in whose land the drilling has to be done.
  - Arrange for proper logistic support like spare part, labour, tent/camp at drill site, lighting arrangement for carrying out the work round the clock.
  - Firm up the schedules to complete all the required preliminary works before starting of actual drilling operations.
- 2.12 Decision for closure of the boreholes shall be taken by the authorized representative of the GM (M).
- 2.13 Immediately after completion of work on each site, the Successful Bidder shall at his own cost remove all equipment and unused materials; fill in and level pits and reinstate the site to its original conditions.
- 2.14 No extra cost shall be paid towards any "fishing" operation in connection with failure of tubular, bit etc., inside the borehole. No time extension will be provided for "fishing" operation and delay shall attract L/D clauses. In case of any loss of material in the bore hole, the details may be furnished to TGMDC
- 2.15 The Scope of Work shall include bringing in and/ or procurement and/ or deployment of Bidder's own equipment and personnel.
- 2.16 The successful Bidder shall deploy suitable experience personals for carrying out drilling operations as per work requirement.
- 2.17 The successful bidder team shall bring with them, all special tools necessary for undertaking works.
- 2.18 The successful bidder shall maintain and repair all the equipment during entire period of contract.
- 2.19 The drilling meterage may vary due to complexities of geological structure. The total drilling meterage of the block is tentative and shall be revised during execution of the contract, considering the complexities of geological structure. However, the payment will be made as per original quoted/awarded rates per meter for drilling, for the actual executed work.

- 2.20 Bidder shall prepare Monthly Progress Report (both Hard Copy and Soft Copy) in respect of the drilling activities as per standard format provided by TGMDC and submit to GM (M) or his authorized representative for verification and certification for acceptance of TGMDC (Annexure-III).

### **3.0 Quantum of work**

- 3.1 To carry out 675 Meters of core drilling works in Dolomite, Fuller's Earth Colour Granite and Limestone blocks situated in Khammam, Sangareddy, Karimnagar and Peddapalli Districts, Telangana State in three months within contract period of three months
- 3.2 The successful bidder shall commence the work within 15 days from the date of signing of contract after negotiating the land hiring/acquiring charges/compensation etc with land owners in case of Private/Govt. land.

#### **AND**

In the case of Forest Land the drilling work shall be taken up within 15 days from obtaining necessary permission from the Authority Concerned.

## **14.0 Penalties**

14.1 TGMDC reserves the right to deduct the penalties from any of the bills against the contracts being executed by the successful bidder in TGMDC. The levy of penalties shall not relieve the successful bidder from any of their obligations and liabilities as per the contract. The penalties applicable under the contract are as follows:

14.1.1 Penalties in case of termination for not commencing work

- a) In case of termination of contract for not commencing the work as per the provisions of this NIT, security deposit shall be forfeited.
- b) In case of the bidder, to whom LOI/ firm order is issued and contract is terminated for not commencing the work as per the provisions of this NIT, an amount equivalent to the security deposit can be deducted from the running bills payable to the successful bidder by TGMDC against any other contract(s) also.

14.1.2 Penalties in case the successful bidder leaves before schedule period or termination of the contract

- a) In case the successful bidder fails to execute the work completely and leaves before the scheduled period, a penalty of 15% on the value of unexecuted quantity against the schedule shall be levied.
- b) In addition to the above penalty the Security Deposit, Performance security shall also be forfeited.
- c) In case, the amount available against the running bills of contract is not sufficient to recover the penalties, the balance amount due to TGMDC shall be recovered from the successful bidder including from running bills of other works if any.

14.1.3 Penalties for Shortfall in monthly targeted meterage.

The penalties for shortage in monthly targeted meterage shall be as per the following table:

<b>S. No.</b>	<b>Shortfall</b>	<b>Penalty in % of the applicable price</b>
1	Up to 10%	No penalty
2	>10% - 20%	0.2% of the payable bill amount for every 1% shortfall or part thereof in the targeted drilling meterage for the month in addition to any other penalties.
3	>20% - 30%	Additional 0.3% of the payable bill amount for every 1% shortfall or part thereof in the targeted drilling meterage for the month in addition to any other penalties
4	>30% - 40%	Additional 0.4% of the payable bill amount for every 1% shortfall or part thereof in the targeted drilling meterage for the month in addition to any other penalties
5	> 40%	No payment for the corresponding month

The successful bidder shall follow the monthly targeted drilling meterage, as stipulated in the Contract period of three months.

However, the shortfall can be made up in the subsequent months and the penalties shall be trued up at the end of the contract period. If the achievement is less than 40% of the targeted meterage in any month, TGMDC reserves the right to terminate contract.

#### 14.1.4 Penalties for Shortfall in core recovery percentage

The core recovery shall be more than 80% in non-mineral portion and more than 90 % in all Dolomite, Fuller's Earth Colour Granite and Limestone portions. In case of lower core recovery in normal geological conditions or jamming of the boreholes before completion of depth, deviation drilling/re-drilling shall be carried out by the bidder at his own cost on the instruction of TGMDC. However, if re-drilling is resorted to, the borehole location point shall be at the nearest possible distance from the original borehole and the bidder shall be

free to do non-core drilling up to the depth from where the core drilling is required for generating cores with stipulated recovery.

## **15.0 FORCE MAJEURE**

- 15.1 The term Force Majeure shall mean, acts of God, War, Civil riots, Fire, Floods, Earthquake, Hurricane, Lockouts, Strikes (not related to the tenderer and its employees) Civil War, Compliance with any statute, directions issued by any Governmental Authorities or regulation of the Government directly affecting this contract.
- 15.2 Upon the occurrence of such cause and upon its termination, the party alleging that it has been rendered unable as aforesaid thereby, shall notify the other party in writing within a week of the alleged beginning and ending thereof giving full particulars and satisfactory evidence in support of his claim.
- 15.3 In case the Force Majeure event continues for more than 30 (thirty) days, the Parties will mutually discuss and decide the future course of action.
- 15.4 No Party shall be liable for any claim for any loss, damage or compensation whatsoever arising out of failure to carry out the terms of this agreement to the extent such failure has been caused or contributed to by one or more events of Force Majeure
- 15.5 Where such impossibility of performance is partial, the said Party shall not be relieved of the performance of that part which is not so rendered impossible.

## **16.0 Arbitration**

- 16.1 Normally all disputes should be settled by negotiations between the TGMDC and the concerned parties.
- 16.2 In case any dispute / difference is not settled through negotiations, the respective parties can seek remedy through Arbitration only by invoking the same within 120 days of raising of dispute. No disputes shall be referred to civil courts other than through Arbitration.
- 16.3 In case of any dispute Sole Arbitrator shall be appointed from the list of 3 judicial officers maintained by TGMDC duly following the provisions of Arbitration and conciliation act 1996 as amended from time to time. The list of such names shall be forwarded to the party as and when the party

requests for resolving the dispute. Such Judicial Officer as chosen by the party will be appointed by the Vice Chairman & Managing Director to adjudicate the dispute as a Sole Arbitrator. The Arbitrator so appointed shall conduct the proceedings in accordance with the Arbitration & Conciliation Act, 1996 as amended from time to time and pass a reasoned award. Both the parties should bear the cost of the arbitration equally.

- 16.4 If the Sole Arbitrator appointed by the Vice Chairman & Managing Director of the Telangana Mineral Development Corporation Limited is unable to continue as an Arbitrator for any reasons to be recorded in writing and the Vice Chairman & Managing Director of Telangana Mineral Development Corporation Limited thinks fit for appointment of a new Arbitrator in the place of existing Arbitrator, he is having a power to do so. Such new Arbitrator shall be appointed following the same procedure as contemplated in (a) above.
- 16.5 As and when such new Arbitrator is appointed, he can either continue the arbitration proceedings from the stage where the earlier Arbitrator discontinued his proceedings or alternatively the new Arbitrator may start proceedings de novo if the circumstances warrant him to do so.
- 16.6 Failing to invoke Arbitration Clause within 120 days of dispute (from the date of the raising of the dispute) it is deemed that there is no dispute between the parties. No disputes shall be entertained in any form and on any matter pertaining to contract after expiry of 120 days of the period.

## **17.0 Termination of the Contract**

The contract shall remain valid for a period of 6 months. TGMDC however, has the right to review the contract periodically and also to terminate the same on the basis of review of periodic performance of the successful bidder.

TGMDC shall have liberty to terminate the contract of the Agency without prior notice and without compensation whatsoever in the following events:

- 17.1 If the execution of work be found unsatisfactory.
- 17.2 If the Agency is found involved in any action involving moral turpitude;
- 17.3 If the Agency's men are found involved in any action causing breach of peace or discipline at the locality/area causing local Law & Order Problem

17.4 If he fails to comply with any of the terms and conditions that would be mutually agreed upon for the execution of the work.

## **18.0 ASSIGNMENT AND SUBLETTING**

The assignment and subletting of the contract is not permissible by TGMDC.

## **19.0 Dispute resolution:**

All the questions, disputes, differences arising under, out of or in connection with the contract shall be subject to exclusive jurisdiction of the High Court within the local limits of Hyderabad, Telangana State where this contract is entered into.
